

## Agenda

08:00 Welcome coffee

08:20 Objectives of the course (P. Wenaweser, F. Praz, S. Toggweiler, E. Ferrari)

### Session 1: Mitral valve interventions

Chairs P. Matt, M. Taramasso, J. Stehli, R. Hahn

08:30 Case 1: TEER: Secondary MR, my most challenging case M. Brinkert

08:45 Case 2: TEER: Primary MR, my most challenging case D. Hagemeyer

09:00 Imaging before and during mitral interventions: Pearls and Pitfalls R. Hahn, USA

09:30 Debate: Surgery remains the standard treatment for primary MR in the elderly M. Dzemaili

09:50 Debate: TEER is the best treatment option for primary MR in the elderly F. Praz

10:10 **Coffee break**

### Session 2: Tricuspid valve interventions

Chairs J. Hausleiter, R. Corti, R. Hahn, F. Praz

10:30 My best case with tricuspid TEER O. Gämperli

10:45 Imaging before and during tricuspid TEER: lessons I learned S. Stämpfli

11:00 TEER: Patient selection and clinical outcome: Important considerations from my clinical practice J. Hausleiter, GER

11:30 TTVR will beat TEER in the future: update on new technologies (Evoque etc.) S. Windecker

11:50 Surgery for TR: update and recommendations P. Berdat

12:10 **Lunch**

## Session 3: Aortic Valve Disease 1

### “Heart Team battle” 1

Chairs S. Toggweiler, G. Pedrazzini, E. Ferrari, P. Biaggi

13:00	<b>Severe aortic regurgitation with calcified annulus in an elderly patient</b> - Case presentation (Basel) - How would we treat (Genf) - How did we treat (Basel)	O. Reuthebuch C. Kaiser S. Noble C. Huber
13:20	<b>Severe bicuspid aortic valve stenosis</b> - Case presentation (Genf) - How would we treat (Basel) - How did we treat (Genf)	O. Reuthebuch C. Kaiser S. Noble C. Huber

### Open issues: Aortic Valve Disease Treatment

13:40	Coronary artery disease plus aortic stenosis, when and how to revascularize	L. Büllsfeld, GER
14:10	Advances in TAVI technology: what can we expect from future devices:	R. Hahn, USA

14:30 **Coffee break**

## Aortic Valve Disease 2

### “Heart Team battle” 2

Chairs P. Wenaweser, S. Cook, B. Stähli, M. Kirsch

14:45	<b>Degenerated bioprosthetic valve</b> - Case presentation (Triemli) - How would we treat (Bern) - How did we treat (Triemli)	D. Tüller O. Dzemaili T. Pilgrim D. Reinecke
-------	--	---

---

15:05	<b>Small aortic valve annulus</b> - Case presentation (Bern) - How would we treat (Triemli) - How did we treat (Bern)	D. Tüller O. Dzemaili T. Pilgrim D. Reinecke
-------	--	---

### Aortic stenosis plus...

---

15:25	<b>Case 1: Afib and GI bleeding</b>	P. Hager
15:40	Case presentation: Aortic stenosis plus severe mitral regurgitation	J. Bartkowiak
15:55	<b>Quiz: One image, one lesson, one gift</b>	
16:25	<b>Closing Remarks</b>	
16:30	<b>One glass/Apéro</b>
