

CONFERENCE GUIDE

Patient Blood Management
INTERDISCIPLINARY APPROACH

Welcome to the PBM Forum

Dear Colleagues

On behalf of HTEA, we would like to welcome each of you to the

Patient Blood Management (PBM) Forum
with a focus on Interdisciplinary Approach

which will be held from 15 - 16 September 2023 in Zurich, Switzerland. We are very pleased to have you join us, offering your valued time and expertise to our common purpose. Your active contribution in supporting our educational project, will help lead us into the future with the goal to pave the path for state-of-the-art patient care.

The upcoming forum will focus on case reports in addition to the interdisciplinary introductory lectures. Discussion on the cases will be in an interactive format and a chance to learn from them. We encourage you to submit your case reports and share your experiences with us.

HTEA aims to establish a multidisciplinary team with a clear focus on optimizing patient care and outcome. We will continue to meet and bring inspired people together in forums like this, to ensure you and HTEA remain at the cutting edge of education.

We would like to thank each of you for attending, and at the same time ask you to stay engaged, be proactive, and help us shape the future of education in this field.

Sincerely,

Course Directors

PBM Forum 2023 - About us

HTEA is a non-profit organization which was founded in December 2017. Education has always been in the forefront of everything we do, with our passion of putting patients first. We are therefore very pleased to announce that HTEA is expanding into a multidisciplinary Association which will enable us to offer various forms of education to our medical community through our FOCUS GROUPS. This will further allow us to be on the cutting edge of the latest tools, information and education.
