

European Coronary Artery Anomaly Conference

Friday, **January 16th, 2026**

Anna Seiler Haus Inselspital, Konferenzraum U1

Organisation:

- Prof. Dr. Dr. med. Christoph Gräni
- Prof. Dr. med. Matthias Siepe

Topic From Anatomy to Imaging in AAOCA		
Moderators: Gräni/Mery		
Zeit	Titel	Referent
08:00	Welcome Words	Gräni/Siepe
08:05- 08:30	Pathologists view of AAOCA – SCD and Autopsy findings	Cristina Basso
08:30 – 08:55	Challenges of Anatomic and Functional Imaging in Pediatric Patients with AAOCA	Silvana Molossi
09:30 – 09:55	Multimodality Imaging Assessments of Adults with AAOCA	Christoph Gräni
	Invasive Stress Testing – catheters, approach, protocols	Pierre Aubry
09:55-10:20	EURO-AAOCA registry – what do we learn from multicenter studies, challenges and opportunities	Massimo Padalino
Topic: Revascularization Strategies in AAOCA		
Moderators: Molossi/Siepe		
11:00-11:25	Results from the multicenter MusCAT trial	Hubert W Vliegen
11:25-11:50	Surgical Strategies in AAOCA	Carlos Mery
LUNCH BREAK		
13:15-14:30	Surgery, Life in a box (oder echt life?)	Matthias Siepe
14:30-14:55	Is Stenting an Option in AAOCA?	Lorenz Räber
14:20-14:45	Shared-decision making - sports recommendations in athletes diagnosed with AAOCA	Aaron Baggish
Topic: Advancements in AAOCA		
Moderators: Molossi/Siepe		
15:45-16:10	CMR Arrhythmogenic substrate in AAOCA	Alberto Cipriani
16:10-16:35	From Imaging to Artificial Twin in AAOCA	Christoph Gräni
16:35-17:00	Computation fluid dynamics in AAOCA	Mauro Lo Rito
17:00-17:25	The view of the patient	Patients tbd
17:25-17:30	Wrap up	Gräni/Siepe
